

Designated Nucleus Suppliers for THBEA Grant Redemption - 2018

This is the list of designated nucleus suppliers as of 5 April 2018.

Updates to this list will be posted to <http://texasbeekeepers.org/thbea/>.

Each of these suppliers has agreed to supply limited number of five-frame deep nucleus hives for \$125. If a supplier is "sold out" of the discounted nucleus hives, please contact another supplier; if necessary The Nucleus company has agreed to be the supplier of last resort. Present your chosen supplier the original Grant Award letter and pay the difference between the Grand Award and the purchase price for the number of awarded hives. You will need to arrange the pick-up details with the supplier.
