RealTexasHoney.com

RealTexasHoney.com is a marketing tool for our members and a guide for consumers to find REAL TEXAS HONEY from a local beekeeper.

Participants must meet strict program requirements and are subject to inspection by a five-member board appointed by the **Texas Beekeepers Association**. The board works to protect and assure that honey sold in the marketplace displaying the **Real Texas Honey™** seal is pure, unadulterated honey made by honey bees in Texas.
